

# GODLEY STATION NEIGHBORS

# TOWNE LAKE NEIGHBORS

Our NEIGHBORS Publications are high-quality monthly newsletters that serve targeted gated and un-gated housing communities in the Savannah area. The content of each newsletter is hyper-local - it comes from the golf clubs, social communities, homeowners associated board members, management companies and the average resident who cares about keeping neighbors informed. The printing and distribution costs associated with these newsletters are covered by advertising sales.

Every home receives a copy designed specifically for that community. In addition, copies are placed at popular public locations such as golf clubhouses, pool areas and amenity centers. A digital version of the monthly newsletter also will be accessible at respective HOA websites.

NEIGHBORS newsletters are highly valued in these communities due to meaningful content within each issue. Thanks to the partnership with the Savannah Morning News/savannahnow.com, local businesses have a unique opportunity to deliver valuable advertising messages within these select communities that go DIRECTLY to the consumer.
